### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Applicants have amended the claims so they are commensurate in scope with the disclosure, i.e., there is an upper limit to the number of alterations the IGFBP-2 molecule can have, which overcomes issues raised under 35 U.S.C. 112, first paragraph. In addition, Applicants have cancelled method of cancer treatment claims, which overcomes the remaining issues raised under 35 U.S.C. 112, first paragraph. It is noted that the claimed altered human IGFBP-2 molecules bind IGF-I or IGF-II, and thus have an enabled use at least in methods to label or purify IGF-I or IGF-II. Finally, the IGFBP-2 molecules recited in the claims are novel and have utility, thus the amended claims are allowable at this time.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
